I. INTRODUCTION

A. Purpose of This Classification Specification

This classification specification is the basic authority under ER 2.04, Wis. Adm. Code, for making classification decisions relative to present and future professional management positions located within the Department of Corrections (DOC) which function as Corrections Planning and Operations Specialists. These positions meet the definition of management as defined in Wis. Stats. 111.81(13) as interpreted and administered by the Wisconsin Employment Relations Commission. This classification specification is not intended to identify every duty which may be assigned to positions, but is intended to serve as a framework for classification decision making in this occupational area.

Classification decisions must be based on the “best fit” of the duties within the existing classification structure. The “best fit” is determined by the majority (i.e., more than 50%) of the work assigned to and performed by the position when compared to the class concepts and definition of this specification or through other methods of position analysis. Position analysis defines the nature and character of the work through the use of any or all of the following: definition statements; listing of areas of specialization; representative examples of work performed; allocation patterns of representative positions; job evaluation guide charts, standards or factors; statements of inclusion and exclusion; licensure or certification requirements; and other such information necessary to facilitate the assignment of positions to the appropriate classification.

B. Inclusions

This classification encompasses professional management positions which perform duties responsible for: 1) creation and monitoring of the Incident Management System and associated responsibilities used for emergency preparedness; or 2) oversight of inmate health care, provided to all Wisconsin inmates housed at DOC institutions and at designated contract facilities both in-state and out-of-state; or 3) providing management of DOC radio communications including the development and implementation of radio communication systems for DOC.

C. Exclusions

Excluded from this classification are the following types of positions:

1. Positions not located within the Department of Corrections.

2. Positions which do not meet the statutory definition(s) of management as defined in Wis. Stats. 111.81(13).

3. All other positions that are more appropriately identified by other classification specifications.
D. **Entrance Into This Classification**

Employees enter into this classification by competitive examination.

II. **DEFINITION**

These professional management positions allocated to this class under general supervision function as:

III. **QUALIFICATIONS**

The qualifications required for these positions will be determined at the time of recruitment. Such determination will be based on an analysis of the goals and worker activities performed and by an
identification of the education, training, work, or other life experience(s) which provide reasonable assurance that the knowledge and skills required upon appointment have been acquired.

IV. ADMINISTRATIVE INFORMATION

This classification was created effective October 11, 1998 as a result of the Professional Program Support Survey and announced in Bulletin CC/SC-92. These positions were formerly classified as Administrative Officer 1. The Corrections Contracts Specialist classification was abolished and Corrections Planning and Operations Specialist classification created on June 12, 2005 and announced in Bulletin OSER-0065-MRS-SC to reflect changes in the Department of Corrections Planning and Operations Unit including the addition of emergency preparedness, security, extradition and an allocation for a Health Monitor position responsibilities. The Corrections Planning and Operations Specialist was modified December 11, 2005 to include the new position responsible for the department radio program.
